5 key elements you need to reach your **DREAM**

Desire (strong ambition & aspiration)

Realistic (reasonable & attainable goals)

Enthusiasm (excitement & passion)

Action (the right activity & habits)

Mindset (the right attitude & commitment)

Mindset & MOTIVATION

Plan Your Dream Life

The 1st step in achieving success is defining what success means to you. The definition of success is different for everyone. What defines success for one person, may not be success to another. That's why it is critical that you clearly define what you want in life and write it down.

This will allow you to create a working blueprint to achieve these dreams and goals through a step by step process. Share your dreams and goals with your referrer. They have as much vested interest in your dreams and goals as you do.

Remember, in order for them to succeed, they must help you succeed. That is the brilliance of CLUB SPARKLE'S "People Franchise" model. It is truly a People Helping People Program that benefits everyone involved.

Answer these questions with no limitations! Don't let your mind get in the way... use your heart! Anything is possible, if you believe and take action towards that belief! Set your goals and commit to success!

What is your ultimate dream life?

*If you could travel anywhere,
where would you go?*

*If you could buy anything,
what would it be?*

*If you could be anything,
what would you be?*

What inspires you?

Florita Bautista

Florita Bautista is a 73 year old grandmother of 14 grandchildren, retired military spouse of MSGT Gerardo Bautista of the USAF, youngest daughter of 12 brothers and sisters, and mother to 5 girls. She was introduced to Club Sparkle by her second eldest daughter Michelle Lindsey from Club Sparkle's Corporate Business Development Global Expansion Team in September 2018.

Her background of over 40 years in the Customer Service, Sales & Marketing, Hotel and Casino Industry has taken a toll on her health where she developed asthma and arthritis along with joint pain which caused her to want to retire in 2019.

Luckily she was introduced to the amazing products of Club Sparkle that helped her with health enhancing benefits that extended her retirement another year. The products allowed her to withstand the stress of working and standing on her feet for many hours straight in a day until her income from her involvement as a Sparkle member was able to help her retire for the right reasons, and now she is living a LIFE WITH NO LIMITS!

GET TO KNOW THE TEAM

“My journey to Club Sparkle was an interesting one. Growing up in the Health & Wellness Industry my whole life, my father would use us to test new formulas he was creating. During my college years, I was fortunate enough to participate in a meeting with the President that spawned the birth of Club Sparkle. After graduating from University of Nevada, Las Vegas (UNLV) with a degree in Business Administration / Meetings & Events Management, I decided to start my career of 5 years in the Casino Industry as an Events Coordinator to learn the skills of the trade. This gave me a great foundation to bring to Club Sparkle as Operations Manager.

I can tell you personally that Club Sparkle Products are the best in the industry. Especially ION5, which is the foundation to all the products. I can feel energy just by holding the bottle. Everyday I take a powerful combination we call Nectura Sunrise, which is ION5 mixed with EverYoung and Nectura.

With a high energy and adventurous personality, along with Club Sparkle products – I am able to bring happiness wherever I go all the time.”

GARY SPIVEY

SPIRITUAL HEALER

**“From the very beginning,
Gary realized he wasn’t
like all the other kids.”**

Gary Spivey is world-renowned for his psychic talent, uncanny ability to predict future catastrophic events (it’s no wonder that people all over the world gave him the nickname ‘*The Modern Day Nostradamus*’), his gift to communicate with those who have crossed over to the other side and for his amazing healing energy. Gary is well known for his genuine down-home style and fun-loving personality. He lectures, teaches and councils people worldwide.

Gary Spivey was born and raised in the small town of Star, North Carolina and has lived a life that few can imagine. In his book ‘Your Keys To Heaven’ Gary says that as a child, around four years old, he began to demonstrate psychic abilities.

Gary started his career by being a guest on a radio show in Tampa, Florida. It was a show that changed Gary’s life forever. Gary said he knew right then and there what his life’s purpose was, he was going to help people with his spiritual abilities and insight.

Gary became a guest psychic on many radio shows around the world which led to TV interviews and talk show appearances as well.

There is absolutely no denying Gary’s spiritual ability once you have heard his uncanny accuracy time and time again. Gary’s spiritual abilities would eventually make him one of the most sought-after spiritual advisers in the world. His connection to other dimensions has given him the insight and the will to spread his knowledge and help to as many people as he can...and help he does!

He works with people from all walks of life teaching them the Spiritual Secrets that were taught to him by God and his Angels. Gary believes that everyone can connect with the energy of the universe and awaken their spiritual abilities to become more spiritually aware and a complete being. His words are for all to hear regardless of sex, race, religion, or creed and these classifications have no meaning in the larger more universal picture.

“ Throughout my career, I’ve been approached by many companies to promote their products. I have never felt the desire to promote any product, until Club Sparkle. That’s because Club Sparkle has scientifically designed all-natural products that genuinely will make a difference in your health. And their business model is a people helping people business designed for anyone who wants to make positive changes in their life while earning money at the same time. ”

Today, Gary travels 6 months out of the year to places all over the world doing private sessions, live seminars, radio and television shows, casino shows, workshops, and spiritual retreats. When he is not traveling, you can find Gary at his retreat center in Troy, North Carolina or in Ojai, California.
