NECTURA Recipes: The **SPARKLE** **WAI!**

Chef Wai impressed us all with his EverYoung recipes in last month's Spotlight, so we've asked him to let us in on his favorite Nectura uses! So simple and so delicious!

Yogurt with Raspberries

Pour 3-4 spoonfuls of Nectura into the bottom of your glass. Add some yogurt to the glass until full.

Top off with some raspberries.

Enjoy!

Meat Marinade

Salt, herbs and spices

Salt allows the meat to absorb the marinade so use it abundantly. In combination with herbs and spices it enhances the taste!

Soy Sauce

Soy sauce contains glutamic acid which reinforces the meat's flavor.

Oil

Most of the herbs and spices only reveal their aromatic flavors when combined with oil.

Nectura

Add 3 spoonfuls of Nectura to your marinade.

Place your meat, and marinade sauce in a plastic bag. Place bag in the refrigerator from 2 to 24 hours. Meat is ready to cook!

Berry Pancakes

Pour 3-4 spoonfuls of Nectura over your pancakes.

Top off your pancakes with fresh cut fruit of your choice! Yum!

TESTIMONIAL *Alice Smith*

(702) 339-0137 ✨ smithalice22@gmail.com ✨  [clubsparklealice](#)

Before I started taking Nectura and EverYoung, I suffered from serious food allergies, a fact to which my husband can attest. It seemed no matter what I ate, every evening I developed welts all over my back, shoulders, and upper arms. They were red, swollen, and very itchy. I was miserable. It was a rare occurrence indeed when an evening went by without suffering with that condition.

When I began using the Club Sparkle products, the first thing I noticed was that the welts were not nearly as pronounced nor as numerous and the itching diminished. After about a month, I told my husband that my affliction was no more. He said it was nothing short of a miracle because he was a witness to how distressed and despondent that condition made me feel.

I am definitely a fan of the Sparkle products and I can recommend them to others without reservation. I certainly cannot guarantee how the products will improve anyone else's life, but I can unequivocally state that they definitely have improved mine. As an added benefit, I also have more energy to do all the things I need to do in my very busy life.

In addition to taking the Club Sparkle products, we are also taking other natural products that have been recommended to us with excellent results. However, once we started taking the Club Sparkle products, we really began noticing the healing effects.

If you are interested in learning more about these amazing products, I would be happy to assist you.

Anahita Namavar

Anahita Namavar is a mom, an artist, a writer, war survivor, with a background in psychology, meditation, healing arts and a masters in writing for film and television.

**NEW
CYLINDER
PUMP**

Club Sparkle is proud to announce SHINE's new and improved packaging - a beautiful cylinder acrylic bottle with an easy to use pump!

The pump allows you to control the desired amount of SHINE to apply on your face, under make-up, your body, hair, hands and lips as often as needed.

Carry it in your purse, put it in your briefcase, it's simple and convenient!

Although the packaging is new and improved, it still contains the same unique, silky, nutrient-rich formula we all love and all the multi-functional benefits we enjoy!

SHINE helps to moisturize, protect, replenish, soften, brighten and indulge the face, body, hands, lips, and hair with healthy nutrients and the amazing touch of silk. Shine is also great for shaving and perfect as a primer under makeup to fill in lines and pores. It leaves your skin and hair silky smooth and nourished with antioxidants, yet feels so light and non-greasy.

“I am very happy to share with you my life-changing experience with CLUB SPARKLE.

There is not a day that I don't take my favorite drink: EVERYOUNG. It's such a remarkable product! The moment I take it, I am totally awake and ready to tackle my day. It gives me natural energy that lasts the entire day. I am almost 60 years old, but I feel 40 years “EVER-YOUNG”!

NECTURA is another product that I love and I can attest how much it has benefited me. Years ago, I had to take medication for seasonal asthma but since I have been taking Nectura, I no longer need that medication. Recently, while cleaning my nightstand drawer, I tossed the asthma spray I no longer need. I forgot that I used to have awful asthma attacks in the middle of the night.

CLUB SPARKLE has changed my life in so many different and positive ways: financially, spiritually, health-wise, self -esteem... I am a happier person! My outlook on life could not be brighter!

This is an opportunity that people should take for the betterment of their lives. The Founders, Lani Dizon and Anthony Diaz have truly been angels walking on this earth that God sent my way. They are humble and caring, smart visionaries that have opened this new world of opportunities for Sparkle's Members to live a Life with No Limits!

I honestly feel so blessed and grateful to be a part of CLUB SPARKLE and have the great fortune to come to work with an awesome team of positive, talented and dependable people where we all can ***Look Great, Feel Great and Be Great!***
Thank you CLUB SPARKLE!!”

Dr. Stella Lau

BUSINESS DEVELOPMENT TEAM

Michelle, Nicoli, Dean

Dr. Stella Lau - Sparkle Advisory Council Member

Dr. Stella Lau completed her undergraduate studies at the University of Nevada, Las Vegas and graduated from the Southern California College of Optometry in 2005. She completed a residency program specializing in Primary Care Optometry and Ocular Disease on the Navajo Indian Reservation in Gallup, NM from 2005 - 2006.

After her residency, she stayed on the Navajo Reservation for another 3 years to continue providing eye care services to the Native American population. During that time, she gained experience in diagnosing and treating many ocular and systemic diseases including diabetes, hypertension, autoimmune diseases, and trauma. Since 2008, Dr. Lau has been practicing in Las Vegas and also received her Fellowship from the American Academy of Optometry, of which she is a member.

“In November of 2018, I started to use ION5, Nectura, and EverYoung together and within one week of using the products, I noticed a difference in my skin. My skin was not as dry. As I have continued to use the products, I have also noticed that I have more energy during the day. I have studied nutrition and nutritional products for many years and am always looking for products that work and can help my patients.”

I am so excited about Club Sparkle products because I truly feel that they work and can provide a healthier lifestyle for anyone who takes them.

Business Development Team

Michelle:

Michelle is a board-certified License Cosmetologist and Chiropractic Assistant. She has over 20 years of Service Industry Experience in Concierge, Office Management, Sales & Marketing, Event Coordinating, Customer Service and Promotional Campaigns. Her experience has prepared her towards her role as Business Development for the Global Expansion Team with Club Sparkle.

Nicoli:

Nicoli has been with Club Sparkle since its inception and helped its expansion to Japan, Vietnam, Taiwan and the Philippines. His passion for promoting health, performance and nutrition began at age 14 when he fell in love with Weightlifting and Nutrition. He won 3rd Place in “2017 Sin City Showdown,” a nationwide Bodybuilding Competition. Being Anthony Diaz’s son, he has been exposed to this industry his entire life. After obtaining his Marketing Degree from the University of Nevada, Las Vegas he became integral to Club Sparkle USA operations in 2018.

Dean:

Dean’s career started as a young adult in the U.S. Air Force as part of a multi-country training team. This served as a strong foundation for his 25-plus year career working with multiple international companies in the mining, farming, entertainment, and venture capital industries. It is there where he acquired his skill sets in business intelligence, project management, and interpersonal relations which has proven to be invaluable in helping launch Club Sparkle in the U.S. and around the world.
